### HANDLING

---

1. Remove garlic knots from freezer and place on pans to thaw, leaving space between rolls to allow for browning on sides. (Bulk pack box may need to thaw slightly to separate rolls before panning.)
2. Let rolls thaw completely before placing in oven.
3. Bake at 400-425 degrees °F for 5-7 minutes or until golden brown.
4. Remove from oven. Serve warm for food service or cool completely before packaging.
